Our team are passionate about their work and determined to ensure that children realise their full potential with pathways that tackle the difficult transitional journeys from childhood to adulthood.

Improving Children's Experiences

At Lincoln House School we use approaches to understand a young person's behaviour, rather than just describe it, recognising the possible impact of learning differences associated with challenging behaviour, and how these uniquely impact on the young person. We aim to improve children's experience and quality of life through use of pro-active educational approaches to support a feeling of wellbeing and to reduce the risk of an incident occurring.
